**PLM Trailer Leasing and CT Power
Form Strategic Agency Partnership**

PLM Trailer Leasing is proud to announce a new strategic partnership with CT Power and Iceberg Enterprises. Effective January 16th, 2009, the two organizations will collaborate as one in servicing the cold supply chain needs in the southwest United States.

This new relationship will greatly enhance the capabilities of both companies by coupling the refrigerated trailer leasing expertise of PLM with the broad refrigerated maintenance, service, and rental capabilities of CT Power and Iceberg Enterprises.

As well, this will greatly expand the refrigerated leasing and maintenance coverage in the Southwest. Customers will now have the ability to rent, lease, and obtain maintenance service on refrigerated food service distribution trailers at locations in Denver, Albuquerque, Las Vegas, Phoenix, and San Diego.

All sales and operations will be handled by local CT Power and Iceberg Enterprises representatives. A complete listing of all locations and contacts is available at http://www.plmtrailer.com/interactive_map.html

Maintenance services or emergency break down assistance may be obtained by contacting 1.877.RENTPLM (1.877.736.8756). Service technicians are available 24/7 for all maintenance issues.

PLM stocks a wide variety of refrigerated semi-trailers for rent or lease including single-temp and specialized multi-temp units for the Food Service industry. With this expansion PLM now operates a North American network of more than 30 locations across the United States and Canada. For more information visit www.plmtrailer.com or call (877) RENT PLM.
